

Executive Profile

Thomas F. Marry
Regional Vice President – Asia and Commercial Products

Thomas F. Marry was elected as an officer of the company in October 2007 and named Regional Vice President – Asia November, 2007. He assumed additional responsibility for the company's Commercial Products business in January, 2009. Mr. Marry joined Modine in 1998 as Marketing Manager after previous assignments with General Motors, Robert Bosch and Milwaukee Electric Tool.

He most recently served Modine as Managing Director – Powertrain Cooling Products. Prior to that role, he progressed through a series of increasingly responsible positions within the company including Manager – Sales, Marketing and Product Development; Director – Engine Products; and General Manager for the company's then-Truck Division.

Mr. Marry has a bachelor's degree in Mechanical Engineering from the University of Illinois and an MBA from the Kellogg School of Management, Northwestern University.
