

**Thomas F. Marry**  
**Regional Vice President – Asia**  
**and Commercial Products Group**

Thomas F. Marry was elected as an officer of the company in October 2007 and named Regional Vice President – Asia effective November 1, 2007. His responsibilities were increased in January 2009 to include global leadership of the company's Commercial Products Group. Mr. Marry joined Modine in 1998 as Marketing Manager after previous assignments with General Motors, Robert Bosch and Milwaukee Electric Tool.

He most recently served Modine as Managing Director – Powertrain Cooling Products. Prior to that role, he progressed through a series of increasingly responsible positions within the company including Manager – Sales, Marketing and Product Development; Director – Engine Products; and General Manager for the company's then-Truck Division.

In his current role, which is based in Shanghai, China, Mr. Marry is responsible for all Modine operations in Asia.

Born in 1961, Mr. Marry has a bachelor's degree in Mechanical Engineering from the University of Illinois and an MBA from the Kellogg School of Management, Northwestern University.
