I. PURPOSE

To affirm the Company's commitment to producing quality products and services; and to provide guidance to all employees regarding the expected outcome of their efforts.

II. SCOPE

This policy pertains to all employees of Modine Manufacturing Company, its subsidiaries, and joint ventures.

III. POLICY STATEMENT

Modine pursues market leadership by being a customer-focused, global company delivering exceptional quality, innovation and value. The key to our success lies in our ability to satisfy our customers with quality goods and services. Therefore, it is our policy to:

1. Consistently provide heat transfer products, processes, and services that meet and exceed customer expectations.
2. Continuously pursue superior quality and advanced quality systems through programs that consider our customers, market, environment, and employees.

IV. COMPLIANCE RESPONSIBILITY

Each manager is responsible for communicating the contents of, and monitoring the level of compliance with, this policy within his or her area of responsibility.
